'InsideMetals.com' Adds 8 Junior Gold Companies to Its Gold & Mineral Exploration Shopping Mall

RENO, Nev., Feb. 27 /PRNewswire-FirstCall/ -- InsideMetals.com, an internet website that provides world-wide information about the gold mining industry and profiles U.S. stock exchange listed Gold Producing Stocks, reported today that it has added eight Junior Gold Companies to its Gold & Mineral Exploration Shopping Mall. The <http://www.insidemetals.com> website information resource now includes 52 companies.

The following Junior Gold companies, which are listed by stage of development, have been added:

Junior Gold Prospectors General Metals and Miranda Gold, which are both traded on the Over-The-Counter Bulletin Board.

Junior Gold Explorers NewWest Gold Corp., which is traded on the Toronto Stock Exchange and Klondex Mines, Ltd., Midway Gold Corporation, and Tournigan Gold Corp., which are traded on the Toronto Venture Exchange.

Junior Gold Developers Great Basin Gold Ltd, and Vista Gold Corporation, which are both traded on the American Stock Exchange and the Toronto Stock Exchange.

"The Junior Gold & Mineral Exploration companies are grouped where they are traded, including the NASDAQ, the American Stock Exchange, the Over-the-Counter Bulletin Board, the Toronto Exchange, and the Toronto Venture Exchange," said Mike Mapa, Managing Editor. "Each company's name is linked directly to its home page and each company's stock symbol is linked to a quote page so that the prospective investor can very quickly obtain relevant information about each company."

InsideMetals.com Gold & Mineral Exploration Shopping Mall is a centralized information resource developed to make it easier and more efficient for investors worldwide to find and obtain access to Junior Gold & Mineral Exploration companies. Junior Gold & Mineral Exploration companies are development companies, often without revenues, and are classified according to stage of mineral property development. There are three development stages: prospector, explorer, and developer. The development stages are defined on the website at www.insidemetals.com.
