## Itronics Begins Filling Orders for Its Breakthrough GOLD'n GRO Guardian Deer Repellent

Itronics Inc. (Pinksheets:ITRO - News) (Frankfurt:ITG - News) (Berlin:ITG - News) said today that it has begun accepting orders for its GOLD'n GRO Guardian Deer Repellent from landscape maintenance companies and individuals from states in which registration had been completed. These include Rhode Island, Pennsylvania, New York, New Jersey, Massachusetts, Maryland, Delaware, Alabama, Colorado, Utah and Nevada. The registration process is underway in Virginia.

*"Our systemic product is effective, lasts for up to 3 months, and does no harm to the animals,"* said Dr. John Whitney, Company founder and President. *"We are selling both a 20 gallon spray kit for plant and tree nurseries, landscape maintenance companies, and a one gallon spray kit for individuals."*

Residents of these 11 states can now call Itronics Metallurgical at 1-800-368-1865 to order the unique product, which both repels deer and fertilizes at the same time.

*"We remain confident that this breakthrough product has a huge potential market. Deer cause multi-billion dollar damage annually, including destroying suburban landscapes and spreading Lyme disease,"* Dr. Whitney said.

### About Itronics

Headquartered in Reno, Nevada, Itronics Inc. is a "Creative Clean Technology" company that produces GOLD'n GRO liquid fertilizers and pure silver bullion. Itronics, through its subsidiary, Itronics Metallurgical, Inc., is the only company with a fully permitted "Beneficial Use Photochemical, Silver, and Water Recycling" plant in the United States that converts spent photoliquids into pure silver and GOLD'n GRO liquid fertilizers. The Company is developing environmentally compatible mining technology, provides project planning and technical services to the gold mining industry, and operates the popular InsideMetals.com web site, <http://www.insidemetals.com>, which provides a value-added WORLD VIEW of Gold Producer Stocks, Mineral Producer Stocks, Junior Gold Stocks, and Junior Mineral Stocks.

Itronics has received numerous domestic and international awards that recognize its ability to successfully create and implement new environmentally clean recycling and fertilizer technologies. The Company's environmentally friendly GOLD'n GRO liquid fertilizers, which are extensively used in agriculture, can be used for lawns and houseplants, and are available, along with liquid fertilizer injectors, at the Company's "e-store" catalog at <http://goldngro.com>. The popular Silver Nevada Miner bars are available at the Company's "e-store" catalog at <http://www.itromet.com>.
